

## Summary

---

**GuardingVision** is a new service introduced which integrates the dynamic domain name service along with alarm push notification service. It provides an easy way for customers to connect their devices to Internet for remote management.

This manual shows customers how to register a GuardingVision account.

## Discretion

---

User interface may not be identical to the instructions shown below depending on the product, firmware version. However, the information and settings required to setup GuardingVision services are similar across all supporting products.

## Preparation

---

User needs to register the account with the mobile phone or computer.

# How to Register a GuardingVision Account

This file describes how to register a GuardingVision Account via GuardingVision APP and web portal [www.guardingvision.com](http://www.guardingvision.com).

**Note:**

For registering via **Mobile app & CMS client**, please wait for the new version which will be released to support GuardingVision later, we will update the corresponding contents in this document accordingly.

**Method 1: Register GuardingVision account via GuardingVision App using Email address or cell phone number.**

**Step1, Download and install the GuardingVision App on the phone.**

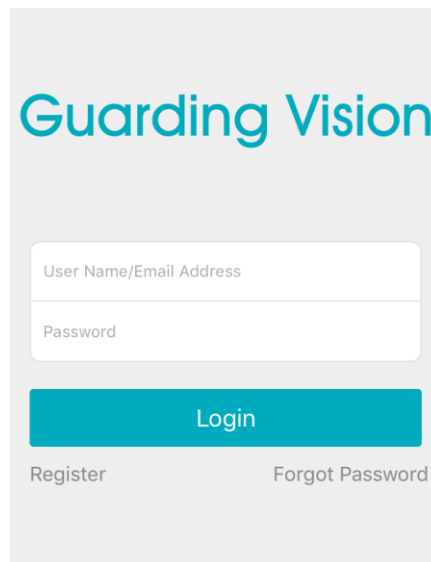

- (1) Search GuardingVision mobile client software in Google Play Store or App Store.
- (2) Choose GuardingVision and Click INSTALL.
- (3) If download the APP from Google Play Store, please ACCEPT access rights to install the APP.

**Step2, Open the GuardingVision App**

Click OPEN or click the shortcut icon on your phone's main screen.

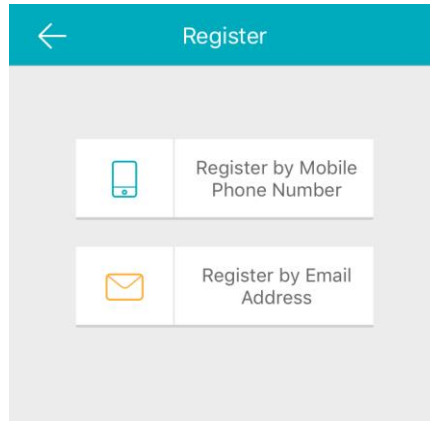

**Step3, Register by Email Address or Cell Phone Number**

- (1) Tap Register in the login interface.

(Pic1)

(2) Choose Register by Mobile Phone Number or Register by Email Address (Pic2).

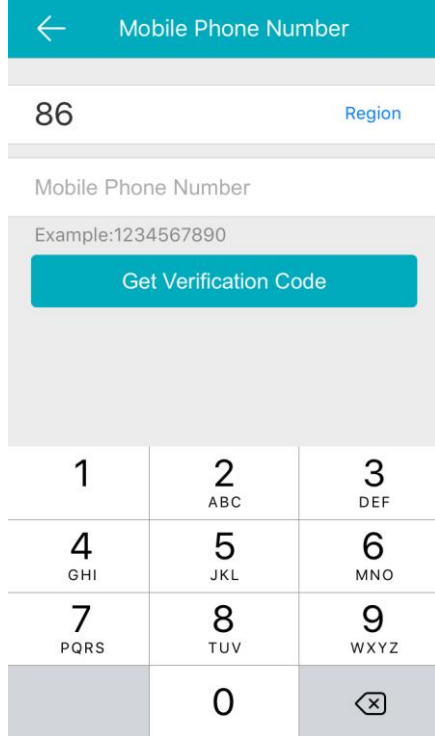

(Pic2)

(3) Scroll to locate your region and touch to mark it. Please notice that the country or the region could not be changed once you have selected. You should prudently select the accurate country of your region. After choosing the region, please tap Finish at the upper-right corner of the interface.

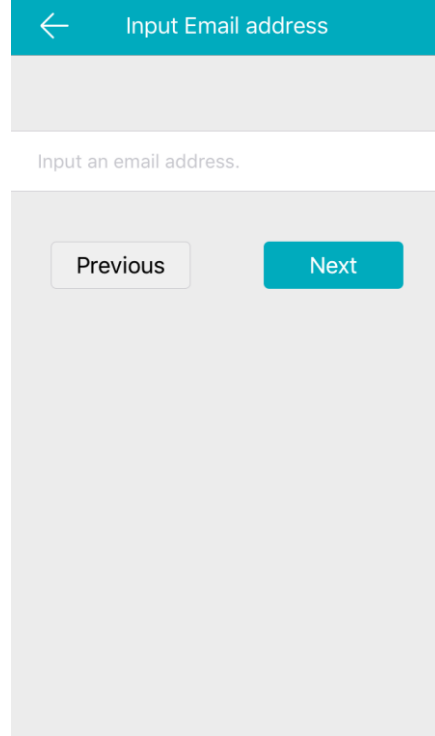

(Pic3)

(4) Input your E-mail address or mobile phone number and tap Next.

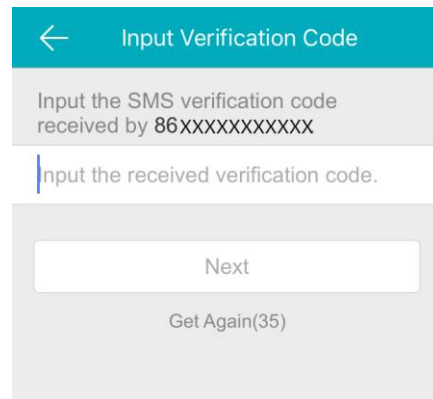

(Pic4)

(Pic5)

(5) The verification code will be sent to the target E-mail address or the mobile phone number. Be sure to check both regular and spam inboxes. Input the received verification code in the box and tap Next.

(Pic6)

(6) Input a user name and password and confirm password in the interface. Tap Finish to complete registering. For your privacy, we strongly recommend setting the password according to your own needs(using a minimum of 8 characters, including upper case letters, lower case letters, numbers, and special characters) in order to increase the security.
